High Quality Digital Labels. Voted Best Press 2016 at Drupa. Your Labels in Safe Hands!

ARTWORK FORMATS
We accept Adobe Illustrator files (AI), Illustrator EPS and Hi-Res Print Ready PDFs. These may be flattened, or layered provided that ALL images are embedded and fonts / Typefaces are turned to outlines. Please ensure your artwork has adequate bleed where applicable and that the document colour mode is set to CMYK. Photoshop files are not preferred. Please contact us to discuss artwork formats if you are unsure, we will be glad to advise you.

It is your responsibility to check this proof:

- Is the spelling grammar and text correct?
- Is the content correct – for example any telephone numbers, addresses, ingredients etc?
- Has anything moved or the font appearance changed?
- Does the artwork look as expected?
-

Additional notes:

- Amendments made **after the first proof** are charged at **£15.00 each time** and expected delivery date may be extended.
- All colours are produced using CMYK and may appear slightly different to Pantones.** Colours viewed on a monitor or print-out do **not** accurately match the finished print, and should **not** be used as a colour match for the final product – a machine proof can be supplied, but this will delay production and incur a cost.
- Please **refer to the order confirmation** for the estimated delivery date of your order.

This proof is supplied for your approval. Please check thoroughly as we cannot accept responsibility for any errors once this proof has been approved. Please be aware that dependent on your device and software settings, what is viewed on your screen may not be exactly the same as what is printed. To minimise the risk of errors, overprint should always be viewed and a hard copy printed out with any overprint preferences on.
