Every care has been taken in the preparation of this proof. However, it is important that all aspects are carefully checked before it is signed off as Royston Labels can not be held responsible for any errors or omissions that subsequently come to light. Whilst this proof is a good representation of the final printed job, some Pantone colours may not be an exact match and clients should always refer to a current Pantone Colour Reference Manual. Any alterations required should be clearly marked-up and faxed to us. Unless otherwise indicated, this proof shows the label at 100%, without bleed.

PROOF APPROVAL IS A CRITICAL PROCESS STEP. THIS MESSAGE IS INCLUDED FOR YOUR PROTECTION!

Ideally we would prefer a print out of the attached PDF proof, signed, dated and returned to us, by post or by fax. However, we recognise that we are in a electronic age and you may prefer to approve by e-mail. If you choose to approve the attached PDF in this way, for your protection please: attach your approval message to this e-mail, indicating that you are approving the job and version number detailed (and on the PDF). This method of approval is accepted on the basis that the conditions detailed on the PDF proof are understood and agreed. We can only accept e-mail approvals, if the proof job and version number are quoted.

Thank you for your co-operation.
