Allergens	none		Accreditation		IFS Accreditation		
Ingredients list:		Avocado*(92,17%), onion, salt, coriander (0,75%), antioxidant: ascorbic acid, dehydrated lime juice (0,075%), black pepper. *EU and outside EU. *No information will be provided regarding the percentages of the formula, beyond what is specified by legal requirement in order to protect the confidentiality of the brand/product.					
Sensory Characteristics:							
Appearance:		Typical green avocado colour.					
Taste:		Typical fresh flavorful avocado taste with subtle hints of onion, lime and coriander.					
Smell:		Pleasant and aromatic smell typical for fresh avocado and other ingredients.					
Consistency:		Creamy consistency with small chunks of fresh avocado and other ingredients.					
Colour:		A deep, earthy green colour typical for ripened avocados.					
Particles:		Small chunks of avocado and coriander are present and visible.					
Process Description:							
To make guacamole, the avocado pulp is prepared from sound, properly-ripened fruit that has been sorted, washed, peeled, de-stoned and pulped. Next the appropriate ingredients and additives are added as per recipe. Separately, other avocados are pitted, peeled and put aside as chunks, to be added later to the batch before final mixing. Avocado chunks make up around 30% of the total recipe content. Once all these are mixed together, the guacamole is preserved by high pressure processing (HPP)							
PALTAVO S.L maintains a quality and food safety management system implemented based on Hazard Analysis and Critical Control Points (HACCP) in accordance with the requirements of the Codex Alimentarius and the current legal regulations that apply to it.

Label Instructions

Ingredients will be listed in order of weight in the finished product. The amount of water added as an ingredient in a food will be determined by subtracting the total amount of the other ingredients used from the total amount of the finished product. This amount will not be required to be taken into account if it does not exceed 5% by weight of the finished product. In any case, the label strictly complies with RD 1169/2011 on labelling of food products.

Other water information: The product does not contain added water. The only added liquid is lime juice (rehydrated)
