About Hilltop:	<p>Founded in 2011 by young beekeeper Scott Davies, Hilltop Honey has a passion for delivering the most exceptional tasting natural wholefoods from all corners of the world and have grown to the second-largest honey brand in the UK.</p> <p>Located in Mid Wales, Hilltop produces a wide range of products including honey, organic honey, maple syrup, agave, and health & beauty products. Products are available in reusable glass jars, fully recyclable squeeze bottles, and biodegradable materials.</p> <p>From humble beginnings, born from a love of beekeeping in the beautiful Welsh countryside. Hilltop are proud to produce, pure and natural products with nothing added and nothing taken away.</p> <p><u>Why choose Hilltop?</u></p> <ul style="list-style-type: none">Fully traceable honeyHoney tested for authenticityHoney experts with a dedicated in-house technical teamPrivately owned family ran businessBRC Grade AA accreditedOrganic products certified by the Soil AssociationProducts certified by KLBDGreat Taste Award Winners 2021 & 2022Sustainable-focused businessCarbon neutral businessProducts available in reusable glass jars or easy-squeeze PET recyclable bottlesB Corporation Certified businessLiving wage employer					
Product Description:						
Product Description:	<p>The natural sweet substance produced by Apis mellifera bees from the nectar of plants or from secretions of living parts of plants or excretions of plant-sucking insects on the living parts of plants, which the bees collect, transform by combining with specific substances of their own, deposit, dehydrate, store and leave in honeycombs. Pure, sound and unadulterated, without fermentation or other off-flavours, with no added sugar.</p>					
Consumer Paragraph / Organoleptic Profile:	<p>Organic Hilltop Blossom Honey is gathered by bees that forage on a multitude of flower species in organic meadows around the EU and outside of it.</p> <p>This is our best selling organic honey and a favourite for honey lovers across the UK.</p> <p>Amber in colour and bursting with natural flavour, this honey will add a sweet and deep floral flavour to your food.</p> <p>All of Hilltop Organic Honey varieties are sourced from Organic agriculture and certified by the Soil Association to guarantee it meets the highest standards.</p> <p>Organic Hilltop Blossom Honey is 100% pure and natural, with nothing added or taken away. Made by the best bees in the biz and brought to you by Hilltop.</p>

Legislation/References:						
<ul style="list-style-type: none"> • Honey (England) Regulations 2015 No. 1348 • EC Directive 2001/110/EC relating to honey • EC Directive 2008/772/EC on the approval of residue monitoring plans submitted by third countries in accordance with Council directive 96/23/EC • Commission Regulations (EU) No. 37/2010 on pharmacologically active substances and their classification regarding maximum residue limits in foodstuffs of animal origin. • CODEX Standard for Honey 12-1981 • Regulation (EC) No. 1935/2004 on materials and articles intended to come into contact with food. • Commission Regulation (EU) No. 10/2011 on plastic materials and articles intended to come into contact with food. 						
Final Comments:						
<p>Due to the natural properties of honey, it is perfectly normal for it to crystallise over time. It is recommended that honey is stored at the optimum temperature to slow this natural process. Crystallisation is not a quality issue and the honey is still perfectly edible. The crystallisation can easily be reversed by warming the honey short term to break up the crystals and return the honey to its clear liquid state.</p>
