FORMULA OVERVIEW

This wholesome supplement captures the vibrant character of cayenne without embellishment. Each capsule delivers 650mg of organic cayenne pepper powder, rated at 100,000 Scoville units for a consistent, fiery warmth. Harvested from organic capsicum fruits and gently milled, the powder is combined only with a touch of organic brown rice flour and encased in a vegan hypromellose shell, avoiding fillers, binders or solvents to preserve the spice's natural colour and aroma. One capsule equals one serving, offering an easy, taste free way to experience cayenne's authentic heat in precise, controlled doses. The 90 capsule pouch is resealable and recyclable, keeping contents fresh, tidy and travelfriendly. Adding a dash of vivid red to your daily habits, it seamlessly integrates into a plantcentred routine without altering meal flavours. Produced in the EU using nonGMO ingredients and manufactured under GMP standards, this minimal formula honours simplicity and transparency.
