Further Information

The stuffing of this toy is made from recycled materials, giving waste a second life and encouraging its reuse. The panels are woven together with double stitching and the seams are reinforced with a second layer of cloth. On top of the reinforced seams, the cloth itself is double layered to give extra resilience against chewers. As hardy as they come, so your dog can have double the fun.

Product Care & Safety

Please remember that your pet's safety is your responsibility. Always choose a product that's a suitable size and functionality for your pet's behaviour. Whilst we design our toys to be strong and durable, no toy is indestructible. Please supervise your pet during play and immediately discontinue the use of the toy if it shows any sign of damage or wear. Please consult a vet immediately if your pet ingests any part of this product. Not for children.
