

Because Luiupi ead pressed\*
smoothies are cold pressed\* not neated, they naturally not neated, they naturally convention cram in more taste, than convention cram in more risers. cram in more taste, more vitamins
cram in more taste, than conventional
and more nutrients these so vou'll need and more nutrients than conventional and more nutrients than conventional and more nutrients that he had a would be a monthie to not would posteurised smoothie to not would be a drink loce amount of the drink loce and the had a drink loce. posteurised smoothies. So you'll r posteurised smoothie to get your to drink less smoothin intake of all to drink less smoothie to get you less smoothie to get you less smoothie to get you le drink less smoothie to drink less s those lovely vital nutrients! \*High pressure processing (HPP) 600MPa

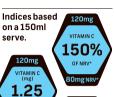

## Always pressing for healthier juices

A 150ml serving of this smoothie is one of your 5 a day. Vitamin C contributes to the protection of cells from oxidative stress - damage caused by free radicals.

**Contains Antioxidants** 

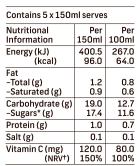

13.5

\*Nutrient Reference Value <sup>†</sup>As mg of gallic acid equivalents
