PROPER

Proper. Small word, big ambition.

It all started with popcorn. I made the first batches of PROPERCORN in a refashioned cement mixer. And we still do things differently today.

PROPERCHIPS is no exception. It's big bold flavour and loads of crunch, wrapped up in a mighty lentil chip. Apple cider vinegar is the hero here. It brings a sweet sharp zing. Paired with a wave of sea-salted saltiness. If tang is your thang, snack on this.

Making snacks properly means a lot to us. It has to taste banging. It should be better for you. And of course, better for the planet. That's why we're on a mission.*

Eat PROPER.

MONUMENTAL LENTIL

A pulse that will get yours racing. Lentils are protein rich. And a source of iron and fibre. A plant-based powerhouse.
