

ecozone®
Since 2000

oxo-biodegradable bin liners

- ✓ Oxo-biodegradable bin liners for 90L household bins.
- ✓ Tear resistant even when wet.
- ✓ Designed with tie top handles for maximum capacity.
- ✓ Made with oxo-biodegradable materials that are also recyclable*

How to use

1. Take one liner & place into a 90L bin.
 2. Once you've finished with the liner, simply tie the drawstring to prevent spillage then dispose of it.
- To keep your bin clean & fresh, change the bin liner at least once a week.

More about our Bin Liners

Ecozone's Oxo-Biodegradable Bin Liners are created with special **oxo-biodegradable materials** that also make them compatible with general recycling. The liners are **extra-strong & tear-resistant** even when wet. They have been designed with a **tie top drawstring handle** for maximum capacity & easy handling.
