PRODUCT DESCRIPTION

Derived from virgin organic pumpkins, these high strength Pumpkin Seed Oil capsules are easy, convenient and great for 'on the go'. We have used a Pumpkin Seed Oil that has been cold-pressed to retain its high quantity of essential fatty acids, including omega-6 (linoleic acid) and omega-9 (oleic acid).

FORMULA OVERVIEW

Rich in plant-based oils, this supplement offers a concentrated, vegan alternative to traditional softgels. Three liquid capsules deliver 2160mg of virgin pumpkin seed oil per serving, abundant in omega-6 and omega-9 fatty acids for balanced everyday nutrition. Cold-pressed and left unrefined, the oil retains its deep green hue and natural ratios of linoleic and oleic acids, showcasing the seed's authentic character. Free from additives, it contains only organic pumpkin seed oil encapsulated in a vegan hypromellose shell for taste-free simplicity. With 60 servings in a resealable, recyclable pouch, the design prioritises freshness, portability and minimal waste. These measured liquid capsules fit seamlessly into plant-centred routines, offering an easy way to enjoy unsaturated fats without the flavour of culinary oils. Produced in the EU with non-GMO ingredients under GMP standards, the product upholds Alpha01's transparent, sustainable values.
