

## **Description**

An antioxidant-rich, multitasking oil.

Pure vitamin E improves the appearance of wrinkles and helps boost radiance—leaving everything from skin to strands visibly softer, stronger, and more nourished.

Often referred to as “the skin vitamin”, vitamin E is full of antioxidants shown to minimize the appearance of fine lines, sunspots and sagging skin, while nourishing brittle hair, nails and cuticles.

## **How To Use**

Face & Body: Mix with carrier oil and apply post-shower for maximum hydration, giving extra TLC to dry elbows and knees.

Hair: Add 2-3 drops to shampoo or carrier oil, apply to wet hair, pull through ends, rinse.

## **Ingredients**

100% pure Vitamin E Oil.

## **Full Ingredient List**

D-Alpha Tocopherol
