

SUKIN **SUPER GREENS,** A **HEALTHY** APPROACH TO SKINCARE

If you haven't yet taken the plunge into the emerging world of super foods, you may be so inclined with the newest addition to Sukin's popular natural skincare range.

Enter Sukin Super Greens, featuring actives of kale, spirulina, parsley, chlorella, acai and goji, to promote a healthy glow and leave a clean, radiant complexion.

The range consists of four face products that are bursting with goodness, including a Detoxifying Clay Masque, Detoxifying Facial Scrub, Facial Recovery Serum and Nutrient Rich Facial Moisturiser.

The products have been developed to communicate this message in a way that makes it easy for customers to extend their approach to health into their skincare regime, and to understand that glowing skin is a combination of what we put both in and on our bodies. The scent of this range is a burst of cranberry to refresh the senses.

Key actives set to star in the skincare range are:

- ✓ **Kale:** with vitamins A and K to fight free radicals and brighten the complexion.
- ✓ **Spirulina:** proteins, minerals and fatty acids to give a youthful glow.
- ✓ **Chlorella:** may assist in promoting collagen production.
- ✓ **Parsley:** vitamins C, K and Beta Carotene for an even complexion.

Some key points to assist with selling this range are:

- Suited to most skin types
- Great for dull, dehydrated & neglected skin
- Perfect addition to any regime
- Smells delicious and fruity!
- The Scrub and Masque are the perfect at home facial duo
- Packed full of super greens actives, antioxidants and vitamins
- The perfect 'pick me up' range for any skin type!
