

Zeolite /120g / label size 78x210mm

Zeolite Clinoptilolite is a naturally occurring mineral of volcanic origin from the South Aegean volcanic arc region of Turkey. It was formed millions of years ago and has been used since ancient times for both internal and external use. Zeolite is a mineral with a cage like structure which can trap molecules within it due to it's fine micronised particle size (less than 25 microns). KIKI Health's Zeolite Powder is entirely natural and unadulterated, it contains just pure 100% Clinoptilolite Zeolite Powder.

**Best before end:** See base. **Storage:** Store in a cool, dry place away from direct sunlight. Refrigeration is not required.

Food supplements should not be used as a substitute for a varied diet. Keep out of reach of children. Do not exceed the recommended daily dose. **Caution:** If you are taking prescribed medication or if pregnant or nursing, consult your healthcare practitioner prior to use.

Suitable for vegetarians and vegans. Naturally free from gluten and wheat.

NO ARTIFICIAL COLOURS, PRESERVATIVES,  
SWEETENERS OR FILLERS

# ZEOLITE POWDER

SUPERFINE CLINOPTILOLITE

NATURAL  
VOLCANIC  
MINERAL DUST

food supplement

120g e

KIKI HEALTH

## Directions for use:

### Internally

Adult intake: Stir 1 heaped teaspoon in a glass of water before or after food twice a day.

### Externally

Zeolite works well synergistically when mixed with Organic Coconut Oil for use as face and body mask. Can also be mixed with water.

## Ingredients:

Clinoptilolite Zeolite
