

ORGANIC APPLE CIDER VINEGAR WITH THE MOTHER - GINGER, TURMERIC & BLACK PEPPER

This fresh and fruity apple cider vinegar is made in Italy by our artisan producer using cold pressed organic apple juice. The time-tested power trio of ginger, turmeric and black pepper help to warm the body. Naturally fermented, unpasteurised and unfiltered, it contains the "Mother" culture which creates a cloudy appearance and sediment.

Perfect for dressings and sauces or take 2 tablespoons with water as a wholesome daily tonic.

Shake well before use.
