

L521
Beef Liver 180vc - UK
78x210mm

Our Organic Beef Liver capsules are sourced from cattle raised on the rich, biodiverse grasslands of Estonia - a country where more than half the land is covered by pristine forests and unspoiled natural landscapes. These cattle are 100% grass-fed and graze exclusively on certified organic pastures. They are completely free from antibiotics, hormones, and feed contaminated with fertilisers, pesticides, or any artificial chemicals. Roaming freely in harmony with nature, they live stress-free and contented lives. Their environment is managed with the utmost care and respect, promoting both animal welfare and ecological balance. To preserve the full spectrum of vital nutrients and enzymes, we use a gentle freeze-drying process, ensuring optimal potency, purity, and nutritional integrity.

Best before end: See base.

Storage: Store in a cool, dry place away from direct sunlight. Refrigeration is not required.

Food supplements should not be used as a substitute for a varied diet. Keep out of reach of children. Do not exceed the recommended daily dose.

Naturally free from wheat, gluten, lactose and dairy. Non-GMO, no hormones or antibiotics. Fed on grass which is free from synthetic pesticides, fertilisers and chemicals. NO ARTIFICIAL COLOURS, PRESERVATIVES, SWEETENERS OR FILLERS
