

ORG. SIBERIAN GINSENG

120 CAPSULES / 10,000mg

Organic Siberian Ginseng 10,000mg – High Strength 20:1 Extract – Eleuthero Root – 120 Vegan Capsules (60 Day Supply) – Premium Adaptogenic Herb by Alpha01

PRODUCT DESCRIPTION

Native to East Asia and Russia, Siberian Ginseng is a world-famous herb that is distinctly different from the rest of the ginseng family. This is due to its content of Eleutherosides, a diverse group of chemical compounds thought to be responsible for the herb's strength and potency. This pure formula contains the botanical equivalent of 10 grams of organic Siberian Ginseng root in every single serving.

FORMULA OVERVIEW

Crafted for those who value potency and simplicity, this Siberian ginseng supplement delivers a concentrated 20:1 extract of *Eleutherococcus senticosus*. Two capsules provide the equivalent of 10,000mg of organic Siberian ginseng root, preserving characteristic Eleutherosides within a plant based formulation. The extract is paired with organic brown rice flour and encapsulated in a vegetarian hypromellose shell, maintaining a clean, vegan profile free from synthetic additives. With 60 servings per resealable pouch, the capsules are easy to store and travel with, offering a measured, taste free way to include Siberian ginseng in daily regimens. Made in the EU with non GMO ingredients and produced under GMP standards, this supplement provides a dependable, straightforward approach to enjoying a revered adaptogenic root while aligning with Alpha01's commitment to plant led, transparent formulations.
