

CREATINE POWDER

POWDER / 300g

Creatine Monohydrate Powder 300g – Unflavoured – Proven to Increase Physical Performance – Resealable and Recyclable Pouch – by Alpha01

PRODUCT DESCRIPTION

One of the most popular sports nutrition ingredients in the world, Creatine Monohydrate is proven to help increase physical performance. Creatine is a substance found naturally in muscle cells, and the monohydrate form is preferred for its high level of safety, efficacy and bioavailability. A daily intake of at least 3g of Creatine increases physical performance in successive bursts of short-term, high intensity exercise.

- Amino Acids
- Recovery & Performance
- Sport & Fitness
- Vegan

FORMULA OVERVIEW

This unflavoured creatine powder offers a premium experience for those who prefer customisable supplementation. Micronised for improved solubility, the creatine monohydrate dissolves easily in water, juice or shakes without added sweeteners or fillers. One heaped teaspoon – approximately 5g – provides a standard serving, and the 300g pouch yields 60 servings in total. The resealable and recyclable pouch keeps the powder dry and ready for scooping, ensuring minimal waste and easy storage. The unflavoured, single ingredient powder integrates seamlessly into existing drinks or recipes without altering taste or texture. Manufactured in the EU under GMP standards with non-GMO ingredients, this product offers a flexible, optimised way to tailor creatine intake to your needs, reflecting Alpha01's standards of clarity and intentionality.

- ✓ Form – Powder
- ✓ Serving Size – 300g / 1 heaped tsp (5g)
- ✓ Number of Servings – 60

PRODUCT DETAILS
