The Humble Co. is a Swedish health & wellness company offering reliable and innovative products that are good for you and kind to our planet. We bring lifestyle into the static and traditional oral care and wellness categories. We are here for conscious and curious people who want appealing products without compromising quality and performance. With products developed by dentists and designed in Sweden, we strive for healthier people, on a healthier planet.

This Dental Floss pick from The Humble Co. is brought to you by dentists who care about your oral health, our environment and children in need of oral care. We recommend you use this interdental product once a day to remove food debris and bacteria from in-between the teeth to prevent bad breath and gum disease.
