

# TWEEZERMANTM

The Beauty Tool Experts

## A BROW SHAPING STAPLE

### Midnight Sky Slant Tweezer

Grab every hair, every time with Tweezerman's Classic Slant Tweezer. This award-winner features perfectly aligned, hand-filed tips to shape your brows with precision and ease, making it a must have in your beauty routine.

#### FEATURES & BENEFITS:

---

- Professional quality, 25° slanted tip is the perfect angle for working against the brow bone
- Perfectly aligned, hand-filed tips close evenly and firmly to remove hair from the root
- Superior calibrated tension for comfort, control & true precision
- This product is cruelty-free, vegan and easy to clean

#### HOW TO USE:

---

1. Start by prepping the area with warm water to relax the skin and hair follicle for an easier removal with reduced pain.
2. Hold the middle of the tweezer between your thumb and index finger for maximum control.
3. Grab the unwanted hair with the angled tweezer tips pulling in the direction the hair grows. This will remove the hair directly from the root.
4. Continue until you have removed all unwanted hair.

Tips for sanitizing: Clean tweezer tips after each use with alcohol wipe or peroxide. Tweezer can not be sanitized in an autoclave or barbicide.
