PRODUCT INTERNAL NAME	DESCRIPTION (BODY HTML)
Sake Sling Mandarin & Cherry	Inspired by the classic flavours of the legendary Singapore Sling, our take features bold mandarin with flavours of morello cherry and cherry blossom, premium Daimon Sake and a whisper of pink, sushi ginger in the background, all accompanied by that delightful umami flavour. An elegant twist on this celebrated cocktail, to be enjoyed chilled, straight from the can or garnished, over ice.
Sake Sling Yuzu and Melon	Refreshing yuzu and muskmelon with Daimon Sake, sparkling water and a hint of Bergamot. Bright and fruity, this version of the sling celebrates the flavours of muskmelon – a juicier, sweeter relative of the cantaloupe – along with citrusy yuzu, a floral note of bergamot and that palate livening hint of umami. Ready to drink, chilled from the can or served garnished, over ice.
