

Product Information: Laundry Fragrance Booster Beads

These UK-made fragrance booster beads are designed to elevate your laundry with a long-lasting burst of scent. Available in Spring Fresh and Coconut, these plant-based beads dissolve fully in the wash, leaving fabrics gently scented without plastic or harsh residues. This document provides in-depth information to support retail compliance and informed decisions.

Ingredients Breakdown:

Sodium Bicarbonate	Deodorising and cleaning agent
Microcrystalline Cellulose	Binding and stabilising agent
Maltodextrin	Carrier for fragrance oils
Sodium Citrate	Water softener to improve cleaning performance
Essential Oils Blend	Fragrance source

Nutritional Information:

Not applicable – this is a non-food product.

Key Benefits:

- Long-lasting fragrance that keeps laundry fresh
- Proudly made in the UK, reducing carbon footprint
- Biodegradable and vegan-friendly ingredients
- Free from talc, microplastics, and harsh additives
- Suitable for all fabrics and everyday use
- Dissolves completely for a residue-free wash
- Dermatologist-approved for sensitive skin

How to Use:

1. Pour the beads into the fabric softener compartment of your washing machine.
2. Adjust the amount for a delicate or intense scent (do not exceed 10g per wash).
3. Wash as normal. Not recommended for short cycles.

Allergy Advice:

Contains essential oils which may trigger reactions in sensitive individuals. Maltodextrin may be grain-derived; consult if you have grain allergies. Always perform a patch test before use. Discontinue use if irritation occurs.

Good to Know:

- Pack size: 275g
- Store in a dry place, out of reach of children.

- Do not ingest.
- Made in the UK for eco-conscious households.
