Lactic acid bacteria lozenges. Mint flavoured.

BioGaia® Prodentis® is a food supplement containing the patented lactic acid bacterium blend *Limosilactobacillus reuteri* Prodentis® (*L. reuteri* DSM 17938 and *L. reuteri* ATCC PTA 5289).

L. reuteri Prodentis is scientifically researched and proven effective and safe.

Content	1 lozenge	2 lozenges
Live <i>L. reuteri</i> Prodentis	≥ 200 million CFU	≥ 400 million CFU

CFU = Colony Forming Units, number of live bacteria

Recommended daily dose: 1–2 lozenges. Recommended daily dose should not be exceeded. Excessive consumption may produce laxative effects.

Directions: For adults and children from 3 years of age. Let the lozenge melt in the mouth. Use daily for oral health. The product can be used during pregnancy and breast-feeding.

Ingredients: Bulking agent (isomalt), sweetener (xylitol), *L. reuteri* DSM 17938 and *L. reuteri* ATCC PTA 5289, peppermint flavouring and menthol flavouring.

* Consumption of foods containing isomalt and xylitol instead of sugar contributes to the maintenance of tooth mineralisation.

Storage: Store in a dry place, not above room temperature (max 25°C). Keep out of reach of young children. Use open container within 3 months.

Best before: See bottom of box.
