

Why we love this product

We love our orange & mandarin body wash refill because, as well as being made using ethically sourced ingredients, it's effective, sustainable and affordable. Plus, it's made here in the UK to reduce carbon emissions, making it one of the most sustainable and environmentally friendly personal care products available.

How to Use

Our body wash is suitable for frequent use in the shower, or run under hot water for a luxurious bubble bath. This body wash refill is designed to be decanted into our beautiful Bower dispensers or a pump dispenser that you may already own. Return the empty pouch to Bower using our free post address to be refilled and reused. In case of contact with eyes, or skin irritation rinse with clean water immediately and stop use. Keep out of reach of children.

Eliminating ocean-bound plastic

With every Bower order we work with our partners CleanHub to prevent ocean-bound plastic waste.

We have committed to stop 10,000 kgs of non recyclable plastic from entering our oceans this year. Bower Collective enables the safe collection and recovery of ocean bound plastic waste, working directly with waste-picking communities in Kerala, India. Your contribution, through your order, supports clean environments and creates sustainable jobs in the global south.
