with natural ingredients

THE PATH OF VITALITY | SINCE 1990  
New Nordic is a Scandinavian-based company established in Roskilde, Denmark, in 1990. Over the years, we have built up a special know-how within herbal extracts. Our expertise and passion have resulted in the development of innovative health and beauty products that work in harmony with your body. We offer food supplements and beauty products based on old herbal traditions. We do not compromise on the quality and safety of our products. This makes the characteristic "silver tree logo" a seal of quality trusted by people all over the world.

INGREDIENTS  
Water, sweeteners (erythritol, steviol glycosides from stevia), magnesium bisglycinate, acidity regulators (citric acid, malic acid), apple juice concentrate, emulsifier (sun seed oil), maritime pine bark extract (*Pinus pinaster* Alton), thickener (pectin), orange flavour, lemon flavour, emulsifier (sunflower lecithin).

NERVES, MUSCLES, MICROCIRCULATION AND REDUCTION OF TIREDNESS  
**Magic Magnesium™ Glycinate Shot** is a unique magnesium-based liquid combined with maritime pine bark extract. Benefits of magnesium in Magic Magnesium™:  
• Magnesium contributes to normal muscle and nerve function and contributes to a normal energy-yielding metabolism  
• Magnesium contributes to a reduction of tiredness and fatigue  
• Maritime pine bark improves microcirculation by increasing capillary permeability  
• 240 mg of elemental magnesium per dose

**RECOMMENDED DAILY DOSE**  
Take 1 sachet a day. Simply tear open, consume orally straight from the sachet. Shake before use. Food supplements are intended to supplement the diet and should not substitute a varied diet or healthy lifestyle. Do not exceed the stated dose. **Caution:** Seek professional advice before using if you are pregnant or breastfeeding. **Warnings:** Not suitable for children under 12 years of age. Keep out of reach of children. Do not use if sachet is torn or tampered with. With sweeteners. Excessive consumption may produce laxative effects.

**NUTRIENT CONTENT PER DAILY DOSE**

Food supplement with sweetener. 15 sachets. Net weight 25 ml per sachet. Best before end see base of packaging.  
Store in a cool, dry place. Keep away from direct sunlight.

WHY MAGNESIUM GLYCINATE?  
Magnesium bis-glycinate is formed by combining elemental magnesium with the amino acid glycine. This form of magnesium is highly bioavailable, meaning it is easily absorbed. It's an excellent option for increasing magnesium levels. Magnesium contributes to normal muscle and nerve function.
