GENTLY FRAGRANCED FOR SENSITIVE SKIN

Our vegan founder, Dawn, battled eczema growing up as her skin reacted to chemically laden detergents. This inspired her to create a gentle on skin, pellet-based detergent.

Our lightly fragranced formula is dermatologically tested and rated "excellent" for sensitive skin. Unlike heavily fragranced, chemical detergents, our formula gets the job done **WHILST** being gentle on delicate skin.

By swapping your regular detergent bottles for a Laundry Egg®, you could save up to 20 plastic bottles annually*.

But that's not all! Our Laundry Egg® comes with a 10-year guarantee on the egg case, ensuring you can continuously refill and reuse it, keeping plastic out of our oceans for years to come. Welcome to the eggvolution; where together we are rescuing our oceans from plastic pollution.
