

# TWEEZERMAN®

The Beauty Tool Experts

## FOR A SMOOTH COMPLEXION

### Smooth Finish Facial Hair Remover with free Tweezerette

The innovative, must-have tool for at-home hair removal. The Smooth Finish Facial Hair Remover effortlessly removes unwanted hair on neck, chin, cheeks, and upper lip at home.

#### FEATURES & BENEFITS:

---

- Innovative facial hair remover minimizes re-growth as it grasps the entire hair, including the follicle, removing hair at the root
- The unique handles and high-quality stainless steel coil spring work together to remove areas of unwanted hair without the need for wax or chemicals
- Comes with free tweezerette for quick brow touch-ups

#### HOW TO USE:

---

1. Holding the colored handles, center align the top of coil tip directly on to the area from which you are trying to remove hair.
2. When aligning the tip, place the flatter side of the coil against the skin to use on larger areas. Place the curved part against the skin for smaller, more precise areas.
3. Rotate the silver part of the handle inward, spinning in the direction the arrows are pointing. This enables the coil to directly grab the hair from the root.
4. Gently move the Smooth Finish Facial Hair Remover away from the area and repeat on other areas as desired.
