

400mg/100ml Krill Oil / label size 48x140mm

KIKI's K-REAL Krill Oil contains naturally occurring Omega 3 fatty acids (EPA/DHA), phospholipids, triglycerides and astaxanthin. It is sustainably sourced and harvested in the Antarctic and isolated from environmental contaminants. Our Krill Oil is manufactured using a multi stage oil-extraction process (MSO) which offers an optimal preparation process that preserves krill oil's natural qualities and ensures its freshness. Each capsule contains 500mg of Krill oil. EPA and DHA contribute to the normal function of the heart, whilst DHA contributes to the maintenance of normal brain function and normal vision. KIKI'S Krill Oil soft capsules are easy to swallow and will not leave you with any unpleasant fishy burps, reflux or aftertaste.

Storage: Store in a cool dry place (below 25°C), avoid exposure to both light and moisture.

Food supplements should not be used as a substitute for a varied diet. Keep out of reach of children. Do not exceed the recommended daily dose. A beneficial effect is obtained with a daily intake of 250mg of EPA and DHA.

Non- GMO. Naturally free from gluten and wheat. Low Sodium.
NO ARTIFICIAL COLOURS, PRESERVATIVES, SWEETENERS OR FILLERS
