

# ORG. OLIVE LEAF EXTRACT

120 CAPSULES / 7500mg

Olive Leaf Extract Capsules - 7,500mg - Wild European 20% Oleuropein, 120 Vegan Capsules - No Additives - Non-GMO, Gluten Free, Halal.

## PRODUCT DESCRIPTION

The olive leaf is a potent source of nutrients, including the phenolic compound oleuropein which is literally found nowhere else in nature. This exclusive compound is thought to explain why olives make up such an important part of the Mediterranean diet.

## FORMULA OVERVIEW

Bringing the polyphenol richness of *Olea europaea* into a convenient capsule, this supplement offers a potent dose of olive leaf in a plant based format. Each capsule contains a 15:1 extract equivalent to 7500 mg of organic olive leaf, standardised to 20% oleuropein for consistent, well characterised polyphenol content. The extract is blended with organic brown rice flour and enclosed in a vegetarian hypromellose shell, resulting in a clean formulation free from synthetic additives. One capsule equals one serving, and the resealable pouch provides 120 servings, ensuring long term freshness and easy storage. This measured approach allows you to include olive leaf polyphenols in your routine without preparing teas or tinctures. Made in the EU with non GMO ingredients under GMP standards, it underscores Alpha01's intentional, transparent approach to planted nutrition.

✓ **Form** - Capsules

✓ **Serving Size** - 7500mg / 1 Capsule

✓ **Number of Servings** - 120
