CALMA PACT

9-in-1 Mind, Mood & Relaxation Complex Capsules

Calma Pact is a comprehensive 9-in-1 Mind, Mood & Relaxation Complex that goes beyond traditional single-ingredient calming supplements. Combining clinically studied KSM-66® Ashwagandha with carefully selected amino acids, botanical extracts, vitamins and minerals, it provides a complete daily approach to supporting psychological function, the nervous system and overall wellbeing in just two vegan capsules per day.

Unlike products that rely solely on magnesium or ashwagandha, Calma Pact brings together KSM-66® Ashwagandha, L-Theanine, Lemon Balm, L-Tryptophan, Rhodiola Rosea, Magnesium Glycinate, Zinc, Vitamin B6 and Vitamin D3 in one convenient formula. This comprehensive blend allows consumers to support multiple aspects of mind and mood with a single product while helping retailers increase basket value and reduce the need for customers to purchase several supplements separately.

Designed for consumers seeking a more advanced alternative to basic calming supplements, Calma Pact combines high quality ingredients with complementary nutrients in one convenient formula. The inclusion of KSM-66 Ashwagandha, together with a carefully balanced blend of amino acids, botanicals, vitamins and minerals, creates a premium proposition that stands out within the growing mind and mood category.
