FORMULA OVERVIEW

This liquid tincture captures the pure essence of mullein flower and leaf in a convenient dropper bottle. A 10 : 1 preparation delivers the equivalent of 2000 mg per 2 ml serving, allowing for precise, flexible dosing. Prepared with purified water and vegetable glycerine rather than alcohol, the extract retains a mild, soothing taste and plant forward character. The amber glass bottle protects the liquid from light, and the included dropper makes measuring easy while offering 60 servings per bottle. Incorporating this tincture into your routine is straightforward: add a measured dropperful to water or herbal tea as part of a calming ritual. Made in the EU with non GMO ingredients and produced under GMP standards, this tincture embodies Alpha01's mindful approach to traditional herbal preparations, delivering a gentle, plant based option for modern wellbeing.
