

**LoofCo** is our range of hand-crafted pads, brushes, cloths & soaps for home cleaning & personal care made from natural plant fibres, mainly loofah & coconut. Our **Washing-up Pads** are slices of loofah. **To Use:** **LoofCo Washing-Up Pads** have been flattened for transport to save space and may appear abrasive in this state. When immersed in water they will swell up and become a soft, spongy and flexible pads. Use in warm water with washing-up liquid or **LoofCo** Washing-Up Soap. Soft enough for non-stick pans, supple enough to fit into mugs. Soak and remove baked-on food first. After use, squeeze out excess water, shake out any food particles & hang to dry from the cotton loop. Your **LoofCo Washing-Up Pads** will last for months in normal use and when worn out can be composted. As the fruit of a plant, size, colour and texture may vary.

Made in Egypt from loofah (*Luffa Aegyptiaca*) and cotton. Loofahs are from the cucumber family. Our loofahs are carefully grown, harvested, peeled, washed, de-seeded and sun-dried. Occasionally some seeds may remain. Using traditional skills, the dried loofahs are turned into **LoofCo** products. See the whole range of sustainable, plastic-free home cleaning and personal care products at [www.loofco.co.uk](http://www.loofco.co.uk).
