

NU46218 Krill Oil 2000mg Softgels

Nature's Truth Krill Oil 2000mg - 60 Softgels

OVERVIEW:

Nature's Truth Krill Oil 2000mg Softgels provide a potent 2000mg of pure krill oil per softgel, delivering a rich source of omega-3 fatty acids, including EPA and DHA. Sourced from the pristine Antarctic waters, this krill oil offers superior bioavailability compared to traditional fish oils, making it an ideal choice for those seeking to improve heart and joint health.

KEY INGREDIENTS & BENEFITS:

Lipid Extract from Antarctic Krill (*Euphausia superba*): Krill oil is known for its high concentration of omega-3 fatty acids, particularly EPA and DHA, which are essential for heart and brain health. Unlike fish oil, krill oil is naturally bound to phospholipids, enhancing absorption and making it easier for the body to utilise. Omega-3s are well-studied for their role in reducing inflammation, supporting cardiovascular function, and promoting cognitive health.

Fish Oil: Adds additional omega-3 fatty acids to further support overall well-being, including joint health and inflammation management.

With a powerful combination of krill and fish oil, this supplement is designed to offer comprehensive support for heart, brain, and joint health, helping you maintain an active and healthy lifestyle.

DIETARY:

Dairy Free

Gluten Free

Wheat Free

Sugar Free

ALLERGENS:

Contains crustacean and fish. For allergens, see ingredients in bold.
