DON'T MISS A THING

Tweezermate 10X Lighted Mirror

Lighted Mirror has 10x magnification that is clear from edge to edge with no distortion. Perfect for tweezing, contact lens, and makeup application.

FEATURES & BENEFITS:

- Features two bright LED lights for enhanced visibility during detailed, precision tasks.
- 10x magnification is optically correct and clear from edge to edge for a perfect reflection.
- Removable suction cups attach to most clean, smooth surfaces for convenient, hands-free use.
- Solid one-piece plastic construction is made to last.

HOW TO USE:

1. Lightly moisten suction cups, this will provide better hold.
2. Gently push the suction cups to compress and adhere firmly. The mirror will attach to a vanity mirror or most clean, smooth surfaces.
3. To remove, gently lift edge of each cup to release suction.

NOTE: This mirror takes one (1) CR2032 cell battery.
