RECIPE

Paleo
& Keto

Restorative, natural foods by Ossa

Non
GMO

Flavour & FUNCTION

At Ossa Organic we believe in natural & restorative food.

We know that slow cooking our bone broth the traditional way helps release collagen, gelatin and other valuable nutrients which can support gut health. We source only organic and pesticide free ingredients and are a B Corp Honouree for our environmental sustainability.

Try using bone broth as a part of your daily routine. My favourite is sipping it with a touch of chilli. Share yours with us @ossaorganic

Catherine

Catherine Farrant,
Founder.

COOK

Enhance dishes
such as stews,
soups & curries

SIP

An every day
alternative to
tea or coffee

SOUP

Quick and simple
protein rich soups
& noodles
