

10 REASONS TO LOVE ME

- 1 Wholefood ingredients, 100% organic, natural and wholesome for you and the planet.
- 2 I have run the extra mile — 100% Vegan and Soil Association Organic certified to guarantee quality.
- 3 Minimal processing, using wholefood ingredients so all my naturalness is retained.
- 4 I am sweet, but naturally so! Using ingredients known for their prebiotic & low or zero carbohydrate values.
- 5 All my ingredients are free from gluten, grain, soy, oats, dairy & wheat. Great for those on a keto, paleo, or vegan diet & all those just wanting some healthy nosh.
- 6 Nuts & seeds are activated by soaking and dehydrating, just like in nature seeds come alive with rain.
- 7 Look at what's in me, I am not puffed up with cheap ingredients & empty nutrition. I am protein & fibre rich, and no whey Jose!
- 8 No added nasties. No preservatives, colourings, or artificial ingredients and no palm oil! (Please help protect our Orangutang cousins!)
- 9 All my packaging is fully recyclable, using post recycled board and vegetable dyes. Not just good for you, good for the planet too.
- 10 A percentage of sales from each box goes towards helping my mountain friends in the Congo and Rwanda...

Oh and we taste delicious!
