

L-CARNITINE COMPLEX

120 CAPSULES / 2000mg

L-Carnitine 2000mg with BioPerine – 120 Capsules – Energy & Metabolism Support – High Strength Acetyl L-Carnitine Complex (30 Day Supply) – by Alpha01

PRODUCT DESCRIPTION

Acetyl L-Carnitine (ALCAR) is an acetylated form of L-Carnitine that is produced naturally by the body. This vegan-friendly formula combines 2,000mg of fermented ALCAR per daily serving with biotin and chromium to support normal macronutrient metabolism, vitamin B6 to support normal protein and glycogen metabolism, vitamin D for normal muscle function, as well as vitamin B2 and B3 to support the reduction of tiredness and fatigue.

FORMULA OVERVIEW

For those seeking a research driven supplement without unnecessary complication, this L-carnitine complex provides a balanced combination of nutrients. Four capsules deliver 2000 mg of fermented acetyl L-carnitine, supported by BioPerine® black pepper to aid absorption. A spectrum of B vitamins and chromium picolinate complement the formula, with each nutrient precisely measured and encapsulated without gluten, dairy or preservatives. All ingredients are plant based and housed in vegan hypromellose capsules, ensuring a clean, tastefree experience that is easy to swallow. Each pouch offers 30 servings in a resealable, travel friendly design that helps maintain freshness and reduce waste. The capsules integrate effortlessly into training and wellness routines, providing structured doses that support an energetic lifestyle without altering flavour profiles. Made in the EU with non GMO ingredients under GMP standards, the complex demonstrates Alpha01's commitment to quality and clarity.
