

SUN•CHLORELLA® powder

Chlorella is a fresh-water green algae that provides many naturally occurring vitamins (like D and Active B12), minerals, and more chlorophyll than most plants or foods. Aside from supporting your overall health, chlorella helps support the body's immune system, natural detoxification process, and more. Our high-quality manufacturing process—cell wall pulverization by DYNO®-Mill—ensures one of the most digestible chlorella on the market.

REAL SUPERFOOD POWER IS NOW WITHIN YOUR REACH!

- **CHLOROPHYLL** – Chlorophyll helps the body's natural detoxification process. It can help the body maintain its overall wellbeing
- **CHLORELLA GROWTH FACTOR (CGF)** – Chlorella Growth Factor (CGF) helps the body's natural cellular repair process
- **ACTIVE VITAMIN B12** – Active Vitamin B12 helps boost energy levels to help the body to perform optimally
- **VITAMIN D** – One serving of Sun Chlorella® meets the daily recommended value of vitamin D, which supports immune function
- **IRON** – Iron is responsible for producing red blood cells and for keeping the body in good health by carrying oxygen to muscles

These certifications show that Sun Chlorella® Powder is among the highest quality supplements available. We provide athletes with a clean and safe product that assists with their training and recovery.
