Lifestream Barley Grass is a 100% pure, NZ grown wholesome green food made from the powdered leaves of young Barley Grass plants (*Hordeum vulgare*).It contains naturally occurring phytonutrients, chlorophyll and folic acid in a perfect 'nature-made' blend. Folate (folic acid) contributes to normal functioning of the immune system, maternal tissue growth during pregnancy and reduction of tiredness and fatigue.

Peak Potency Lifestream young barley plants are harvested at peak potency and flash air dried in minutes to ensure the nutrients are not damaged or compromised. This is shown by our rich Chlorophyll content, which is a good indicator for correct growing practice, high quality plants and gentle processing. We also mill our plants to an ultra fine particle size to ensure easy mixing and absorption.

Guaranteed Purity and Quality Lifestream Barley Grass contains only the barley grass plant. No GMOs are used in the production or processing of this product. It is free from gluten, dairy, artificial colours or flavours, preservatives or synthetics and is 100% vegan and vegetarian.

Best before (end):

Store below 30°C. Keep dry and tightly sealed. Packaged in New Zealand from local ingredients. Lifestream International Lid. 24 Kawana Street, Northcote 0627, PO Box 1374, Auckland 1140, New Zealand www.lifestream.co.nz Certified Organic by AsureOuality #0160.
