

Nuasan Active Body Wash 200ml

Most body washes focus on cleansing and hydrating the skin only, whereas Nuasan Active Body Wash was also developed to recharge sore, stiff and tired bodies, naturally. Our natural ingredients, in functional concentrations, each provide specific benefits to the user making this a true Power-Shower.

This luxurious natural body wash is enriched with:

- Magnesium proven to ease muscle tension, combat fatigue & accelerate muscle repair
- Arnica demonstrated to soothe sore, tender muscles and joints
- Unique L+ pH Control lactic acid blend for all day freshness and breakout control
- Gentle natural cleansers, seaweed extracts, aloe and peppermint ensure super soft skin for even the most sensitive of skin

Used as a bath soak, this aromatic blend of magnesium and arnica provides ultimate relief from stress and tension for both body and mind. Nuasan Active Body Wash helps improve sleep, reduce stress and anxiety and improve skin health.
