MADAGASCAN VANILLA

1.2kg e 48 servings

## FREE FROM ULTRA PROCESSED RUBBISH

*Our organic whey protein powder is made without chemicals.*

Filtered fresh whey from cheesemakers using organic milk from cows grazing on grass pastures. Turning waste into quality highly bioavailable protein, providing your body with rapid support from head to toe.

### INGREDIENTS

Organic whey protein concentrate from organic **milk** (92.2%), unrefined organic coconut sugar (6.8%), ground organic Bourbon vanilla pods (1%)

### DIRECTIONS

Mix one serving (25g) with 75–100ml of water or milk in a blender, shake vigorously in a hand shaker for 30 seconds, or use a handheld milk frother. Add the liquid first to prevent lumps. Use as needed or 1–2 times daily. If you’re using a blender, you may need to add more liquid. A great addition to yoghurt, smoothies, and overnight oats. 25g is roughly equivalent to 2 of our scoops, 3 ½ tbsp, 60ml, or ¼ cup. For a precise measurement, use scales.
