

PRECISION GRIP TOENAIL CLIPPER

ITEM CODE 51581-MG

RRP
£16.00

Heavy duty Toenail Clipper for men's toenails

Sharp, straight blades to effortlessly cut the toenail.

Textured body maximises control and comfort for precision cutting.

Case designed to catch clippings for easy clean up.

Stainless steel blades for easy cleaning and durability.

HOW TO USE

Lift up and rotate lever of clippers.

Clip nails into the desired shape by starting at the corners and clipping toward the middle of the nail.

Next, clip the centre to finish the shape. This will apply less stress on the natural nail and help prevent the chance of splitting while clipping.

Slide off rubber cover on tool handle to easily empty the clippings from inside the case.
