

# ORGANIC DANDELION ROOT

120 CAPSULES / 1400mg

Organic Dandelion Root 1400mg – 120 Vegan Capsules – High Strength Taraxacum Officinale (2 Months Supply) – Resealable and Recyclable Pouch – by Alpha01

## PRODUCT DESCRIPTION

A member of the daisy family, the dandelion is one of the most unmistakable plants due to its bright yellow flower heads. However, it is the root of the plant that has the longest history of use, being well-respected by the ancient Egyptians, Greeks and Romans as well as the Native Americans. This advanced formula contains 1,400mg of organic dandelion root in every single serving.

## FORMULA OVERVIEW

This supplement honours the humble dandelion with a pure, high strength preparation. Two capsules provide 1400 mg of organic dandelion root powder, delivering a consistent, earthy character in a premium format. Roots are carefully cleaned, gently dried and milled to maintain their natural colour and aroma, then blended only with organic brown rice flour before encapsulation. The vegan hypromellose shell keeps the formula free from solvents and additives and offers an easy to swallow experience in measured doses. With 60 servings in a resealable, recyclable pouch, it is simple to integrate this traditional herb into a mindful daily routine and store it neatly. Whether added to a morning ritual or taken on the go, the capsules offer a convenient, taste free way to embrace a heritage botanical. Made in the EU with non GMO ingredients and produced under GMP standards, the product embodies Alpha01's clean label values and intentional design.
