

## Natural Colloidal Silver Eye Drops with Euphrasia, Hyaluronic Acid, MSM, and Vitamin C

For tired, dry, irritated eyes

### Product Overview:

Our Natural Colloidal Silver Eye Drops with Euphrasia, Hyaluronic Acid, MSM, and Vitamin C are a premium eye care solution designed to provide soothing relief, nourishment, and support for your eyes. This unique formulation harnesses the power of natural ingredients to promote optimal eye health and comfort. Say goodbye to dryness, redness, and fatigue and experience the revitalizing benefits of our carefully crafted eye drops.

### Important Information:

Thank you for choosing our Natural Colloidal Silver Eye Drops with Euphrasia, Hyaluronic Acid, MSM, and Vitamin C. Before using this product,

please read the following information carefully to ensure safe and effective usage.

Our Natural Colloidal Silver Eye Drops are indicated for temporary relief of eye discomfort, dryness, redness, and fatigue. The unique blend of ingredients, including Euphrasia, Hyaluronic Acid, MSM, and Vitamin C, works synergistically to provide soothing support for optimal eye health.

### Active Ingredients:

**Colloidal Silver** - is a natural substance renowned for its antimicrobial properties. It helps combat harmful microorganisms that can cause eye irritation and discomfort. By incorporating colloidal silver into our eye drops, we provide a gentle and effective way to maintain a healthy ocular environment, promoting a soothing sensation and leaving your eyes refreshed.

**Euphrasia (Eyebright)** - has a long history of traditional use in supporting eye health. It has been valued for its potential to alleviate eye strain,

redness, and fatigue. By including Euphrasia in our eye drops, we offer natural relief for tired and overworked eyes, helping you maintain clear and comfortable vision.

**Hyaluronic Acid** - a natural lubricant that supports the retention of moisture in the eyes. It acts as a hydrating agent, preventing dryness and maintaining a healthy tear film. Our eye drops with Hyaluronic Acid ensure that your eyes stay nourished, comfortable, and protected from environmental factors that can cause discomfort.

**MSM (Methylsulfonylmethane)** - a naturally occurring sulphur compound found in various foods. In our eye drops, MSM promotes the production of collagen and supports a healthy, flexible cornea. By enhancing the structure of eye tissues, these drops contribute to overall eye vitality, helping you maintain optimal eye health and visual clarity.

**Vitamin C** - a potent antioxidant that helps protect the eyes from harmful free radicals, reducing the risk of age-related eye concerns. It also supports

healthy blood vessels and promotes proper circulation to ensure that essential nutrients reach your eyes. Our eye drops with Vitamin C provide added protection and support for your eye health.

**Usage:**

Children from 3 yrs old, body weight of 14kg- 1 drop three times a day

Adults – 2-3 drops three times a day

**Directions for Use:**

Shake the bottle well before use. Tilt your head back and gently squeeze drop(s) into each eye. Blink a few times to spread the solution evenly. Use as needed for relief from eye discomfort, dryness, or fatigue. If you experience any adverse reactions, discontinue use and consult with your healthcare professional.

**Precautions and Warnings:**

- For external use only. Do not swallow.
- Avoid touching the dropper tip to any surface to prevent contamination.

- Do not use the product if the solution changes colour or becomes cloudy.
- If you experience eye pain, changes in vision, or irritation that persists or worsens, discontinue use and consult with your healthcare professional.
- Keep out of reach of children.
- Store the product in a cool, dry place away from direct sunlight.
- Do not use the product if you are allergic to any of the ingredients listed.

**Possible Side Effects:**

Our Natural Colloidal Silver Eye Drops are generally well-tolerated. However, some individuals may experience mild temporary stinging, burning, or redness upon application. These effects are usually transient and should subside quickly. If you experience any severe or prolonged side effects, discontinue use and seek medical attention.
