ORANGE BLOSSOM HONEY

from

LITTLEOVER APIARY™

340g

Littleover Apiaries™

All of our honey is cold extracted, cold filtered and is unblended to protect the natural proteins and enzymes in this premium honey. This marvellous honey is produced from hives placed in Spanish orange groves during the time when the trees are in full bloom. This medium amber honey has a unique flavour with the hint of an orange tang. This honey has the flavour of summer and is a firm favourite among honey lovers. Its perfect for bringing back the memories of summer. For use as a sweetner in or poured over hot puddings its perfection or maybe just as an indulgent treat.

Littleover Apiaries are committed to sustainable farming and the care of our environment whilst producing our honeys
