

HOW TO USE

Well.Actually. Vitamin D3 and K2 oral spray provides a convenient and effective means of supplementing Vitamin D for you and your family, offering the flexibility of liquid dosing.

Carefully spray into your mouth, ideally into the side of your cheek, and hold for a few seconds before swallowing.

1 x Spray = 1000IU D3 + 50mcg K2

2 x Sprays = 2000IU D3 + 100mcg K2

3 x Sprays = 3000IU D3 + 150mcg K2

180 x
Sprays
Per bottle
