

Directions: Rub a small amount around the rims of both nostrils and the bones of the eyes (but not too close or in the eye). Re-apply regularly and after blowing nose. This helps trap pollen, dust and pet allergens before they get in. For further information and a video go to haymax.biz/how-to-use-haymax.

Suitable for: toddlers, children and adults, including pregnant and breast-feeding women (& cynics!). HayMax™ is drug-free and can be used at school.

Ingredients: Helianthus annuus (sunflower) seed oil*, cera flava (beeswax)*, boswellia neglecta (frankincense) oil*, tocopherol (vitamin E)*. **Ingredients organically produced. *Ingredient naturally produced. Contents:** 5ml.

Always consult a doctor concerning any medical condition. Do not take HayMax™ internally. Do not swallow.

If adverse reactions occur, stop using and report to HayMax. HayMax Limited, Postern Piece Farm, Bedford Street, Ampthill, Bedfordshire, MK45 2EX, UK. 01525 406600, info@haymax.biz, www.haymax.biz, @haymaxbalm
