

Product

Name	Liposomal Vitamin C 1000 60 Veggie Caps
Description	Balanced Liposomal Vitamin C 1000 Veggie Caps in our 100% reusable and recyclable bottle. Our Liposomal formulas are at the cutting edge of vitamin and mineral supplement research and development. Liposomal is a term used for nutrients that have been encapsulated in a lipid compound. This lipid compound has a composition similar to that of the cell membrane and is therefore readily absorbed into the cell, depositing the nutrients exactly where it is needed. Effectively this means much more (up to 95%) of the supplement is absorbed by the cells. Vitamin C contributes to normal function of the immune system and the reduction of fatigue and tiredness. Vegan and free from excipients, soy, GMO, gluten, lactose, and sugar.
Code	BAL52
Barcode	5055177533061
