

Menopause Capsules - UK
57x170mm

A synergistic blend of traditional botanicals, essential vitamins, and nutrients, expertly developed for women during perimenopause and menopause. Formulated with a carefully selected blend of adaptogenic herbs. Vitamin D helps reduce the loss of bone mineral in post-menopausal women. Vitamin B6 supports the regulation of hormonal activity. vitamin B12 helps reduce tiredness and fatigue, and zinc aids normal cognitive function — supporting wellbeing through every stage of menopause.

Directions for use: Adult intake 2 capsules daily with a glass (250ml) of water or a cold drink.
Contents per capsule: 522mg **Serving size:** 2 capsules **Servings per bottle:** 30
