

**form** | naturally advanced  
plant based nutrition

**Radiant is more than just a beauty supplement, it's all the nutrients you need to shine.**

Combining scientifically-backed antioxidants, phytonutrients, vitamins and minerals for healthy hair, skin and nails with Coll-egan® for vegan collagen support and Verbasnol™ for free radical defence.

- Coll-egan® for vegan collagen support
- Antioxidant vitamins A, C and E for healthy hair, skin and nails
- Lycopene (Lycobeads™) to naturally increase procollagen levels
- Verbasnol™ for free radical defence
- Astaxanthin, Hyaluronic Acid and Resveratrol
- Grapeseed Extract
- Iron, Selenium and Copper
- BioPerine® for superior absorption

**An innovative first, Radiant introduces Coll-egan®, a sophisticated blend of the amino acids that are found in collagen – but all in vegan forms.**

Providing collagen support and effective doses of the antioxidant vitamins and minerals needed for healthy skin, hair and nails as well as grapeseed extract, resveratrol and more. Radiant is everything you need to have you looking, and feeling, your very best.

Because beauty starts on the inside.

### Antioxidant vitamins, A, C & E

These vitamins, plus the mineral selenium, are well proven to protect against the oxidative stress that contributes to the loss of collagen and elastin fibres in our skin, and can trigger dark spots, while also helping keep skin firm, right down to the deepest layer. Plus, these essential vitamins also contribute to a healthy immune system, so you can feel great inside, and out.

### Vegan collagen support with Coll-egan®

Coll-egan® is a sophisticated blend of all the amino acids that are found in collagen – but in vegan form. The most abundant structural protein in our bodies, collagen levels decline and production slows with age, leading to signs of ageing such as sagging skin and wrinkles. By providing the individual building blocks for effective collagen synthesis, Coll-egan® promotes collagen formation in the skin, bones and joints to keep you feeling your youthful self.

### Lycobeads™ Lycored Tomato Lycopene

Derived from tomatoes, lycopene is a potent natural phytonutrient with powerful antioxidant (and skin-boosting) properties. Antioxidants are critical for healthy skin as they protect the skin by reducing and counteracting free radical production.

### Grapeseed Extract & Resveratrol

Grapeseed Extract and Trans Resveratrol from the Japanese Knotweed plant are two of the most potent antioxidants, helping bring out the best in your skin, and beyond.

### Verbasnol™ for free radical defence

Verbasnol™ is an advanced, age-defying botanical derived from *Rehmannia glutinosa*. It boosts the skin's natural ability to fight free radical damage and nourishes it with antioxidants. Fewer free radicals invading the skin layers mean healthier, smooth, and lustrous skin.

### Hyaluronic Acid

Hyaluronic Acid is a humectant — a substance that retains moisture — and it is capable of binding over one thousand times its weight in water. This substance is naturally found in many areas of the human body, including the skin, eyes, and synovial fluid of the joints. Supplementation with Hyaluronic Acid has been shown to produce significant anti-wrinkle and anti-aging properties, which are achieved via improved skin hydration, and collagen and elastin stimulation.

### Astaxanthin

Astaxanthin is a powerful antioxidant obtained from algae. This well-researched ingredient has been included at a 6mg dose where studies have shown it to reduce the appearance of fine lines, increase skin elasticity and increase skin moisture content making Astaxanthin one of the most popular beauty ingredients right now.

### BioPerine® to improve absorption and help a healthy gut

You aren't what you eat, you are what you absorb, and much of the goodness from food and supplementation can be lost through poor nutrient absorption. We ensure you get maximum benefits with an effective dose of BioPerine®, an extract from black pepper proven to increase bioavailability (absorption of nutrients).

### Usage:

Two capsules a day with food. Swallow with water or a cold drink. Do not exceed the recommended dose. Not to be chewed.

### Nutritionals

Ingredient	Per serving (2 caps)	% NRV
Vitamin A (as Beta Carotene & Retinol Acetate)	800µg	100%
Vitamin E (as Natural D-Alpha Tocopheryl)	12mg	100%
Vitamin C (as Ascorbic Acid)	92.2mg	115%
Riboflavin (as Riboflavin 5-phosphate)	1.4mg	100%
Niacin (as Nicotinamide)	16mg	100%
Biotin (as D-Biotin)	250µg	100%
Iron (as Ferrous Bisglycinate)	14mg	100%
Zinc (as Zinc Citrate)	10mg	100%
Copper (as Copper Bisglycinate)	1mg	100%
Selenium (as L-Selenomethioine)	55µg	100%
Iodine (as Potassium Iodide)	150µg	100%
Coll-egan® (L-Glycine, L-Hydroxyproline, L-Glutamic Acid, L-Alanine, L-Arginine, Acerola Blend, Bamboo Extract (Bambusa Vulgaris), L Proline)	530mg	-
Hyaluronic Acid (as Sodium Hyaluronate)	200mg	-
Grapeseed Extract 95% Polyphenols	100mg	-
Trans Resveratrol (from Japanese knotweed extract)	25mg	-
Lycobeads™ Lycored Tomato Lycopene	15mg	-
Verbasnol™	10mg	-
Astaxanthin (Haematococcus pluvialis)	6mg	-
BioPerine™ (Black Pepper Extract 95% Piperine)	5mg	-
Vegetable capsule shell: Hydroxypropyl Methyl Cellulose
