

Org. Matcha Powder 100g/150ml / label size 57x170mm

5 060018 512853

Our matcha is a premium ceremonial grade powder made from young tencha leaves from the Kyoto region in Japan. The leaves are shadow-grown and milled into a fine powder to create an ultra fine, vibrant green powder. The flavour of the tencha leaf is quite unique; pure, deep and mellow with subtle aromas and a distinctive taste that is sweet and delicately grassy. Our Organic Matcha Powder is packed with vitamins and minerals that contribute to supporting energy levels, protection from oxidative stress, improvement of skin health and metabolism as well as many other health boosting benefits.

Suggested use: Add 1/2 - 1 teaspoon to a bowl or mug. Add 100ml cooled, cold or iced water, which vigorously until frothy. For a creamy latte: Replace some or all of the water with almond or coconut milk. Add a touch of organic cacao powder for a slightly sweeter drink (a must try for coffee lovers). Try adding to desserts, smoothies and yogurts.

Best before end: See base. **Storage:** Store in a cool, dry place away from direct sunlight. Refrigeration is not required.

Suitable for vegetarians and vegans. Naturally free from gluten and wheat.
NO ARTIFICIAL COLOURS, PRESERVATIVES, SWEETENERS OR FILLERS
